Susan Fagan 9:01 AM:

Good morning

Hessling, Michael 9:01 AM:

Hi Susan.

Susan Fagan 9:01 AM:

Can you confirm that SE can archive?

Susan Fagan 9:01 AM:

CD Jeff etc?

Susan Fagan 9:01 AM:

they are privileged users right?

Hessling, Michael 9:03 AM:

Let me do that.

Susan Fagan 9:03 AM:

ok thanks

Susan Fagan 9:04 AM:

cuz now they are talking about archiving all the 2015 and 2016 speeches

Susan Fagan 9:05 AM:

and we want to tell them, You can do it

Susan Fagan 9:05 AM:

feel free

Hessling, Michael 9:15 AM:

They can.

Susan Fagan 9:15 AM:

great thanks

Hessling, Michael 9:15 AM:

I made testthree_drupal a SE, and the "Send to Archive" link is presetr.

Susan Fagan 9:15 AM:

Good

Hessling, Michael 9:17 AM:

The speeches page is manually edited.

Susan Fagan 9:17 AM:

well they want to archive each Speech I think

Hessling, Michael 9:18 AM:

With links to basic pages inside the Speeches web area.

Susan Fagan 9:18 AM:

they own that web area

Hessling, Michael 9:18 AM:

There are 39 basic pages (one page = one speech).

Hessling, Michael 9:18 AM:

Sorry, 29.

Susan Fagan 9:18 AM:

k

Hessling, Michael 9:19 AM:

27 links on the speeches home page.

Hessling, Michael 9:19 AM:

Easy enough for OWC.

Susan Fagan 9:19 AM:

right

Susan Fagan 9:19 AM:

we just need to do the redirects

Hessling, Michael 9:19 AM:

With the caveat that they should do the archive slowly.

Hessling, Michael 9:19 AM:

Redirects to where?

Susan Fagan 9:19 AM:

they want them to go to the signpost page

Susan Fagan 9:20 AM:

but this is still not final yet anyway

Hessling, Michael 9:43 AM:

OK to move the es-new to the signpost directory?

Hessling, Michael 9:43 AM:

It's not really discoverable, unless you know the address.

Hessling, Michael 9:43 AM:

Since we're not pointing/redirecting anything to it just yet.

Hessling, Michael 9:43 AM:

Which is why Danny's panic yesterday was a bit baffling.

Susan Fagan 9:50 AM:

That was different

Susan Fagan 9:50 AM:

John updated the real one

Susan Fagan 9:51 AM:

and I misunderstood

Hessling, Michael 9:51 AM:

The english one. I get it now.

Susan Fagan 9:51 AM:

Yes

Susan Fagan 9:51 AM:

Joh sent me a drupal3 address

Susan Fagan 9:51 AM:

so I told Danny this is a draft

Susan Fagan 9:51 AM:

but it wasn't

Hessling, Michael 9:52 AM:

/sites/production/files on d1,2,3 are all the same, publicly-available directory.

Susan Fagan 9:53 AM:

So could Reggie now archive his own Spanish content?

Susan Fagan 9:53 AM:

for Lina?

Hessling, Michael 9:54 AM:

rwashing is SE.

Susan Fagan 9:54 AM:

and all we need to do is the page redirects...

Hessling, Michael 9:54 AM:

Yes.

Susan Fagan 9:54 AM:

and it uses the same permissions

Hessling, Michael 9:54 AM:

Sigh.

Hessling, Michael 9:54 AM:

I wish you would stop asking that.

Susan Fagan 9:54 AM:

I know

Hessling, Michael 9:55 AM:

Spanish is the same.

Hessling, Michael 9:55 AM:

They're using the same code base.

Susan Fagan 9:55 AM:

One codebase

Hessling, Michael 9:55 AM:

It's not a copy.

Susan Fagan 9:55 AM:

2 databases

Hessling, Michael 9:55 AM:

OK.

Susan Fagan 9:55 AM:

I know that

Hessling, Michael 9:55 AM:

Yeah.

Hessling, Michael 9:55 AM:

I understand being careful.

Susan Fagan 9:55 AM:

I just don't know *exactly* what that means

Hessling, Michael 9:55 AM:

Content is different.

Susan Fagan 9:55 AM:

Because at first both John and I thought that the espanol redirects went into the wcms

Susan Fagan 9:56 AM:

and I said, do they have to go into es-wcms

Susan Fagan 9:56 AM:

and John said No Yes

Hessling, Michael 9:56 AM:

That's content.

Hessling, Michael 9:56 AM:

Redirects are content.

Susan Fagan 9:56 AM:

ok

Susan Fagan 9:56 AM:

that helps

Hessling, Michael 9:56 AM:

Aliases are too.

Hessling, Michael 9:56 AM:

Based on the page title, which are definitely content.

Susan Fagan 9:56 AM:

I don't think of them that way

Susan Fagan 9:56 AM:

but will try to

Hessling, Michael 9:56 AM:

Because for years, we've modified htaccess.

Hessling, Michael 9:56 AM:

Which is server level.

Hessling, Michael 9:57 AM:

Now we have this other way, and it's in the DB.

Susan Fagan 9:57 AM:

and the DB is ALWAYS content

Susan Fagan 9:57 AM:

and ONLY content

Hessling, Michael 9:57 AM:

Heh.

Hessling, Michael 9:57 AM:

Not necessarily.

Susan Fagan 9:57 AM:

See

Susan Fagan 9:57 AM:

there you go

Susan Fagan 9:58 AM:

this is why I hate Drupal

Hessling, Michael 9:58 AM:

But codebase, which is what governs the functions, is NOT in database.

Susan Fagan 9:58 AM:

configuration

Susan Fagan 9:58 AM:

vs code

Susan Fagan 9:58 AM:

Configuration IS in the database

Susan Fagan 9:58 AM:

and code is not

Susan Fagan 9:58 AM:

true?

Hessling, Michael 9:58 AM:

True.

Susan Fagan 9:59 AM:

this is why I hate Drupal

Hessling, Michael 9:59 AM:

Got anything better?

Susan Fagan 9:59 AM:

it is hard to tell which is which some times

Susan Fagan 9:59 AM:

lol

Hessling, Michael 9:59 AM:

Many systems do that, but Drupal seems to be worst.

Susan Fagan 9:59 AM:

yes it is famous for it

Susan Fagan 9:59 AM:

for that same point being confusing

Susan Fagan 9:59 AM:

so I am in good company

Susan Fagan 10:09 AM:

Is this true?

Susan Fagan 10:09 AM:

as System Editors, have the rights to archive any content from the webcms.

Susan Fagan 10:09 AM:

any ?

Hessling, Michael 10:17 AM:

Let me doublecheck.

Hessling, Michael 10:23 AM:

No. Only in content in web areas they belong to, apparently.

Hessling, Michael 10:24 AM:

Actually, not even then.

Susan Fagan 10:24 AM:

what?

Hessling, Michael 10:24 AM:

Sorry.

Hessling, Michael 10:24 AM:

Only content in web areas they belong to.

Hessling, Michael 10:24 AM:

I have a test user, and it belongs to Drupal Training.

Hessling, Michael 10:25 AM:

I can archive pages in DT, but nowhere else.

Hessling, Michael 10:33 AM:

Confirming again, that yes, must be part of the web area.

Susan Fagan 10:34 AM:

so they are not special users for archiving

Susan Fagan 10:34 AM:

ok I just told them that and said we can add them to any web area they desire if they need to archive

Susan Fagan 11:26 AM:

I will be late to stand up

Hessling, Michael 11:26 AM:

OK

Susan Fagan 11:26 AM:

talking to Danny

Hessling, Michael 11:28 AM:

All right. I'll head there now.

Susan Fagan 12:03 PM:

we need to lay out the whole process then

Susan Fagan 12:03 PM:

Cuz now they want the es redirects

Susan Fagan 12:03 PM:

and then there will be more coming

Susan Fagan 12:04 PM:

So is it only you and john who can do the Akamai purges?

Hessling, Michael 12:04 PM:

LeAnn, Jason, Mike G., Thorsten can as well.

Susan Fagan 12:05 PM:

Can they really>

Susan Fagan 12:05 PM:

or can they maybe if they find it?

Susan Fagan 12:05 PM:

I've asked them to do other Akamai things and the response takes hours...

Susan Fagan 12:05 PM:

or days

Hessling, Michael 12:07 PM:

That's their standard response.

Susan Fagan 12:08 PM:

are you doing the espanol redirects now?

Susan Fagan 12:08 PM:

they already did the archiving

Susan Fagan 12:08 PM:

so they are 404ing right now

Susan Fagan 12:08 PM:

if anyone is visiting them

Hessling, Michael 12:09 PM:

They redirect now.

Hessling, Michael 12:09 PM:

to es-cc.html

Susan Fagan 12:11 PM:

ok thanks

Susan Fagan 12:11 PM:

this all sucks

Susan Fagan 12:11 PM:

Danny sends crappy directions and I told him so

Hessling, Michael 12:11 PM:

FACT

Hessling, Michael 12:11 PM:

FACT

Susan Fagan 12:11 PM:

I told Lin too

Hessling, Michael 12:11 PM:

He types too fast.

Hessling, Michael 12:11 PM:

And on his phone.

Susan Fagan 12:13 PM:

I wrote her back too

Susan Fagan 12:13 PM:

and I said an EPA person can request

Hessling, Michael 12:14 PM:

Maybe you type too fast too!

Susan Fagan 12:14 PM:

I was just mad

Susan Fagan 12:14 PM:

I am still mad from meeting with Danny

Hessling, Michael 12:14 PM:

Yeah. I hear you.

Hessling, Michael 12:14 PM:

I'm mad from meeting with exterminator.

Hessling, Michael 12:14 PM:

:(

Susan Fagan 12:14 PM:

I am going to be mad for the rest of my EPA career

Susan Fagan 12:14 PM:

if it keeps going like this

Hessling, Michael 12:15 PM:

I agree.

Hessling, Michael 12:19 PM:

I see 14 files in archive.

Hessling, Michael 12:19 PM:

14 URLs I redirected.

Susan Fagan 12:25 PM:

excellent

Susan Fagan 12:26 PM:

I told Peter they were there too

Susan Fagan 12:26 PM:

and can you also confirm that the pdfs are gone from sites/prod/files?

Susan Fagan 12:29 PM:

do you need me to find the file list?

Hessling, Michael 12:30 PM:

Yeah, one or two PDFs.

Susan Fagan 12:30 PM:

k

Susan Fagan 12:30 PM:

I just want to know..you know
